A Wonderful Record.

As made up by improved and exact processes Dr. Pierce's Favorite Prescription is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. It cures the backache, periodical headaches, the dragging-down distress in the pelvic region, the pain and tenderness over lower abdominal region, dries up the pelvic catarrhal drain, so disagreeable and weakening, and overcomes every form of weakness incident to the organs distinctly feminine.

"Favorite Prescription" is the only medicine for women, the makers of which are not afraid to print their formula on the bottle wrapper, thus taking their patrons into their full confidence. It is the only medicine for women, every ingredient of which has the strongest possible endorsement of the most eminent medical practitioners and writers of our day, recommending it for the diseases for which "Favorite Prescription" is used. It is the only put-up medicine for women, sold through druggists, which does not contain a large percentage of alcohol, so harmful in the long run, especially to delicate women. It has more genuine cures to its credit than all other medicines for women combined, having saved thousands of sufferers from the operating table and the surgeon's knife. It has restored delicate, weak women to strong and vigorous health and virility, making motherhood possible, where there was barrenness before, thereby brightening and making happy many thousands of homes by the advent of little ones to strengthen the marital bonds and add sunshine where gloom and despondency had reigned before.

Write to Dr. R. V. Pierce. He will send you good, fatherly, professional advice, in a plain, sealed envelope, absolutely free. Address him at Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets do not gripe. They effectually cleanse the system of accumulated impurities.

The People's Common Sense Medical Adviser, by Dr. Pierce, 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address as above.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

VIRGINIA AUTO LAWS.

Those owning automobiles and operating them on the roads and highways of Virginia will be interested in the following extracts from the acts of the General Assembly governing the operation of automobiles, locomobiles and other vehicles and conveyances whose motive power is other than animals.

The act starts out by making provision that every owner of an automobile or the like shall register the same with the secretary of the commonwealth and from that official must secure a certificate of registration which shall be attached to the machine in "an easily accessible place," and a number which shall always be in evidence upon the rear of the machine, which at all times within one hour after sunset and one hour before sunrise shall have at least one white light throwing a bright light at least 100 feet in the direction in which the machine is going. The machine must also have a red light in rear, which will show the machine number. When the owner of the machine sells in the year following the date of his original certificate the new purchaser must secure a new license. The machine owner must pay $2 for each certificate.

An auto operator shall not drive in the corporate limits of any city or town at a greater speed than twelve miles an hour. Outside of the corporate limits of any city or town the speed of fifteen miles an hour is permissable, except in going around curves, down sharp inclines or at the intersection of any cross road or over the crest of hills, or in passing other vehicles or riders on roadways when a rate of speed that will tend to avoid danger must be observed.

It shall be the duty of the owner or the driver of every machine run upon any turnpike upon passing a tollgate to exhibit his certificate to the tollgate keeper, and it shall be the duty of the owner of any machine to exhibit his certificate for inspection when so requested by the sheriff or any constable, police or peace officer.

The following rate of speed may be maintained:

First. A speed of eight miles an hour around curves or bends or where the roadway is not plainly visible for a distance of 200 feet ahead, and at the intersection of prominent cross roads, when such roads or highway passes through the open country.

Second. A speed of eight miles an hour at points on any public highway when there is a gathering of horses or persons. Otherwise the rate of speed may be fifteen miles per hour, but not more, and this rate is subject to the conditions set forth in succeeding provisions.

Third. A speed of eight miles per hour where a street or highway passes the built-up portions of a city, town or village.

The owner, operator, conductor, driver or occupant of any automobile shall keep a careful look ahead for the approach of horseback riders or vehicles drawn by horses or other animals, and upon the approach of such rider or vehicles shall slow up, keep his machine under thorough and careful control, give ample roadway to such rider or vehicle, and if signaled by such rider or occupant of such vehicle, or be otherwise requested thereto, shall immediately bring his vehicle to a full stop and allow ample room and time to allow such rider or vehicle to pass. And if requested so to do by the said rider or the occupant of said vehicle, the owner, operator, conductor or occupant, if a male, of any such machine shall lead the horse or horses past his machine. Should any such horse, ridden or driven in an opposite direction to that which the machine is traveling, give evidence of fright, then the duty of the driver shall be the same as if he had been signaled to by the rider of the horse or the occupant of the vehicle.

When the operator, owner, occupant, conductor or driver of such machine overtakes a horse or vehicle traveling in the same direction with himself, he shall slow down his speed, signal the road by bell or gong or horn, and if the horse or vehicle stop shall pass at a rate of speed not greater than four miles per hour. Should such vehicle or ridden horse and the said operator, owner, driver, conductor or occupant of said machine desire to pass, he shall do so at a rate of speed not greater than may be necessary, and shall in all cases use due diligence not to frighten the horse or horses. In case of the machine passing a horse or vehicle going in the same direction, provisions of the last foregoing paragraph shall apply to the operator, owner, driver, conductor or occupant of the machine, except that in such case the horse or horses shall be held until the horse or horses become quiet and then the machine may proceed.

Every machine shall be provided with a lock, key or other device to prevent its being set in motion, and no person shall allow any such machine operated by him to stand or remain unattended in the street, avenue, road, alley, highway, park and parkway, or any other public place without first locking or making fast the machine as above provided. Every machine shall be provided with a good and sufficient brake or brakes, and shall also be provided with a suitable bell, horn or other signal device.

Any person failing to perform any duty imposed by any section of this act or violating any provision or condition therein set forth shall for each offense be fined not less than $10 nor more than $100 or imprisoned in jail not less than five nor more than thirty days, or both, in the discretion of the justice of the peace before whom the case may be tried. An appeal may be taken to the Circuit Court of the county or the corporation or hustings court of the city in accordance with the general law governing such appeals in misdemeanor cases.

In addition to such fines or imprisonment any person violating any of the provisions of this act shall be liable for any damages actually incurred by reason of such violation and the machine may be seized and impounded anywhere in any county or city in this State upon the order of a justice of said county or city in which the offense is committed, and may by order of the justice be sold to pay such fine or damage. But before any judgment shall be entered in said proceedings, the owner of such machine shall have notice of the same by publication or otherwise, according to law and allowed the opportunity to make defense and the driver of the machine shall be deemed the agent of the owner for the purpose of serving process.

Saloon Keeper Attacked.

Because he refused to open his saloon at 4 o'clock Sunday morning to accommodate four thirsty foreigners who had been on an all-night's spree, Michael Filipovitch, of Passaic, N. J., was shot, and his partner, Nicholas Hervan, was beaten into insensibility with a club. Filipovitch is in the hospital with a bullet in his breast and will probably die. Hervan sustained ugly scalp wounds, but will recover. John Mikulik, of Wallingham, is in the county jail at Paterson, charged with the shooting, and his three companions are held on charges of assault. The quartet got the saloonkeepers out of bed and demanded that they be given a drink. When it was refused Mikulik drew a revolver and shot Filipovitch, and the other three attacked his partner. All were arrested while trying to escape.

Spanish Students Expelled.

A sensation has been caused at Shenandoah College, Reliance, Warren county, by the expulsion of a number of Spanish, Porte Rican and Cuban students who have been enrolled at that institution for the past year or two. W. R. Kline, the principal, says that these students will no longer be received at the college, and accuses them of "treachery and beastly conduct."

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickles, of Miletus W. Va., "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' druggists.

All the good qualities of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is an unfailing cure for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflammation and goes straight to the root of the disease. Obstinate old cases have been cured in a few weeks. All druggists, 75c, including spraying tube, or mailed by Ely Bros., 56 Warren Street, New York.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING. MAY 7, 1906.

THAT the President was tricked or bluffed into accepting the so-called Allison court review amendment to the railroad rate bill is now the general opinion in Washington. That he realizes he made a mistake in publicly committing himself to the amendment is indicated by expressions in a statement given out about the matter at the White House Saturday afternoon. In this statement the President is represented as still desirious that the Long and Overman amendments should also be inserted in the rate bill although he does not regard these as of vital importance. The Long amendment limits the courts to passing on the questions whether the Interstate Commerce Commission exceeded the powers conferred on it, and whether the constitutional rights of the railroads are invaded by orders of the commission. The Overman amendment provides that the commission shall be heard before injunctions against its orders issue, and that such injunctions shall be signed by two judges. The fact that the President harks back to these amendments shows he has been made to realize that the so-called Allison amendment will, if it goes into the rate bill, authorize the courts to exercise the widest power in dealing with all orders of the Interstate Commerce Commission. It will give the conservative Senators all that the most extreme of them contended for—the broadest kind of court review. The democratic Senators keenly appreciate the position in which they have been placed. Several weeks ago they promised to co-operate with the President in support of the most limited judicial review amendment to the Hepburn bill and the prohibiting of temporary restraining orders. Now the President's flatfooted approval of the most broad judicial review proposed yet suggested, and his repudiation of the anti-injunction feature has angered the democrats. Senator Bailey has called the President's concurrence to the new amendment "a complete surrender." Senator Tillman is reported as calling it "an abject surrender by Mr. Roosevelt to the railroad interests." Senator Mallory declares that it provides for the broadest possible court review, and if adopted the pending bill will be utterly ineffective.

THE Belmont campaign publicity bill on Saturday received a knock-out blow in the House committee on the election of the President, Vice-President and the Representatives in Congress, and will not be consider further this session. The committee decided that the measure as framed is impracticable. This puts an end to all hope of action by Congress on the campaign publicity measures at this session. The Belmont bill is really that of the National Publicity League, and was introduced for that organization by Mr. McCall, of Massachusetts. The bill is intended as a practical solution of the difficulties attending the making of a national law to prevent the misuse of money in elections. The measure seeks to attain this end by making it compulsory on political committees engaged in promoting the election of Representatives or of presidential electors to report their contributions to the clerk of the House of Representatives. This of course would have cut off the contributions of the trusts, &c., to the republican campaign fund, thus depriving that party of its munitions of war which the leaders would not stand for, so the campaign publicity bill was put to sleep by the committee.

WHILE no exact estimate of the losses for a month's suspension of coal operations can be made at this time, it reaches an enormous amount, more than half of which must be borne by the mineworkers. This sum will be at least $14,000,000, basing the estimate on the monthly production of 5,000,000 tons of coal, selling at tidewater for $5 a ton. Another estimate, which is considered as conservative, gives the amount lost by the operators, railroads and landowners as $10,000,000, while the mineworkers' loss will amount to as much more. This but shows the folly of strikes and the loss they entail upon all concerned.

THE climax of tariff absurdity is reached when exported products of the trusts are brought back to this country by enterprising merchants and sold for less than the trust prices of the same goods to dealers in the home market.

SINCE it has been decided that there shall be no strike it is expected that domestic sizes of coal will drop to their normal prices. This is a consummation devoutly to be wished.

From Washington.

Washington, May 7.

The report of the International Waterways Commission for the preservation of Niagara Falls was sent to Congress today by President Roosevelt. In the opinion of the commission it would be a sacrilege to destroy the scenic effect of Niagara Falls. The commission therefore recommends that diversions, exclusive of water required for domestic use or the service of locks in navigation canals, be limited on the Canadian side to 36,000 cubic feet per second, and on the United States side to 18,500 cubic feet per second, and in addition thereto a diversion for sanitary purposes not to exceed 10,000 cubic feet per second be authorized for the Chicago drainage canal, and that a treaty or legislation be had limiting these diversions to the quantities mentioned.

The Standard spoke too soon. Had it waited few days longer it would have had considerably more material upon which to base its denunciations of Commissioner Garfield. As heretofore stated, the report sent to Congress last Friday covered only one feature of the Standard Oil investigation—that relating to freight rates and transportation. The Commissioner barely alluded to the charge that the Standard is a monopolistic combination in restraint of trade and competition. This, and collateral subjects, will be treated fully in a further report which will probably be made public in a few days. It is said that this forthcoming document will reveal methods and practices of even more astounding character than those described in last Friday's report. The various methods employed by the Standard to crush out the independent producers and dealers will be thoroughly ventilated. In this report the commissioner will describe the organization and growth of the great oil trust, the development of the pipe line monopoly, the control of prices, the distribution of products, and the relation of foreign to domestic industry. In this connection it is learned that by no means all of the material in the possession of the commissioner on the subject of freight rates and transportation has been given to the public. The report was carefully edited at the White House.

A general round-up on the rate bill was held at the White House this morning, and although the Senators who conferred with the President were unanimous in declaring that nothing new had been definitely decided upon, it is understood that a better feeling prevades the legislative atmosphere and it is believed the much discussed bill will be disposed of before the end of the week. Vice President Fairbanks indicated that he expected a vote by the middle of the week. It is understood that the President sent for most of the Senators who called to give them his views and to learn just where they stand upon the matter.

Fifty-ninth Congress.

Washington, May 7.

SENATE

The committee on finance unanimously reported to the Senate today adversely to the Newlands resolution providing for the creation of a joint commission to consider means of extending financial aid to San Francisco through guaranteeing improvement bonds. The committee says: "It is clearly of the opinion that the proposition is without the legitimate province of congressional action" and that the plans proposed are "inexpedient."

The railroad rate bill came up immediately after the routine business, with the Kittredge amendment making the terms of the bill applicable to the private car under discussion.

Jingo Noblemen.

Berlin May 7.—The Vossische Zeitung and other conservative newspapers declare that a powerful jingo group of noblemen and high army and navy officers have banded together to acquire a predominant influence at court. Their desire is to make Germany the supreme power of the world and are seeking the retirement of Prince von Buelow, the imperial Chancellor, and Herr von Tairchky, the new Secretary for Foreign Affair, because of their conservatism. The Tages Kreuten denounces the new group as a public danger, not only to Germany but also to the rest of the world.

The validity of at least one half of the acts of the last two general assemblies has been raised by some of the lawyers. The results thus far announced in the general parliamentary elections in France which were held yesterday show few changes in the Chamber, most of the former deputies being re-elected, but an extraordinary number of second ballots will be necessary in Paris. Saturday night a mob surrounded Stewart's house and opened fire on it, and Stewart and his daughter were wounded. Stewart returned the shots, and the mob scattered. Yesterday morning the body of Marvin Winters was found about fifty yards from Stewart's home, a load of shot having taken effect. Hospital Investigation.

Dr. Henderson assistant physician at the Eastern State Hospital, testified Saturday before the legislative investigating committee in relation to a post-mortem examinations of patients, that he knew of one case in which a woman patient while yet alive had been reported dead, and placed in a shroud. After the discovery of the mistake the proper attention was given the patient, who lived for several days.

Dr. Henderson testified that since Dr. Foster assumed charge of the institution the number of strait-jackets used had been greatly increased.

Just before the committee adjourned, Mr Lawless, attorney for Dr. Foster, asked Dr. Henderson the following question:

"Do you know of any dereliction of duty on the part of Dr. Foster? If so, state it to the committee."

Chairman Sadler ruled out the question.

The questions of Mr. Lawless were designed to show that the witness himself, while complaining of the system obtaining at the hospital, had neglected to obey some of the printed rules. For instance, he brought out the fact that Dr. Henderson, while in charge of the asylum; went to Richmond during the Clowes investigation at the instance, apparently, of Mr. Clowes, but too late to testify.

The committee then adjourned, to meet again May 15.

Only three witnesses have been examined so far, and it is expected that the investigation will continue at least three weeks after it reconvenes May 15.

The legislative committee, composed of Senators Machen and Garrett and Delegates Swift and Peyton, who spent the week investigating affairs at the Virginia Military Institute, completed their work Saturday. Physical Director Walker stated that there was poor equipment for physical instruction, and the bathhouse accommodations were notably insufficient.

Capt. Gilmore, the commissary, was again called to the witness stand. He said that he thought more satisfactory beef could be secured by purchasing steak and other desirable portions, instead of the whole beef.

The committee will make their report to the general assembly at its next meeting, though it is possible that the report will be published before that time for distribution.

Trial of Murderess

New York, May 7.—The trial of Josephine Terranovo, the young Sicilian woman who on February 22 killed her uncle, Gaetano Riggio, who had robbed her of her honor, and his wife, Concetta, who had consented to the young girl's abuse, was continued this morning before Justice Scott in the criminal branch of the Supreme Court until next Monday. A great deal of interest has been aroused in this case because of its unusual features. The defendant, who is only sixteen years old, is the child wife of Giuseppe Terranova. She lived with her uncle and aunt, who were her godparents. It was while living with them, as she claims, that her uncle taught her to sin. She was told by her uncle, she says, that it was useless for her to try to lead a good life because she was the child of the devil, having been born on Good Friday. When the child wife told her story to her husband, after his suspicions had been aroused, he cast her off. She went to her mother, who likewise disowned her. The Sicilian code of honor told her that she could wipe out the dishonor in only one way, through the death of the man who had been the cause of her downfall. Armed with a knife and a revolver, she went back to her god-parents' home. Her uncle fell an easy victim. Then the aunt, who had abetted him, fell before the young girl. When arrested the girl publicly acclaimed her act. She had atoned for her sin, committed in all innocence, and could not see where she had disobeyed the country's laws in following the code of honor of her people. Her happiness was completed when her husband visited her in her cell and announced his willingness to receive her back as his wife, now that blood had washed out the stain upon her honor.

Preparing for Conference.

New York, May 7 —The miners' subscale committee, headed by John Mitchell, President of the Miners' Union, is here today to hold a conference with the operators to determine the time limit of the new agreement under the old award of the Anthracite Commission. The miners are here to make a strong fight for a one year or a two year agreement, taking the position that living conditions are changing so rapidly that a wage agreement entered into for a period longer than two years might work untold hardships on the men if necessities should become much higher. Under a long agreement the miners would be unable to meet the increased cost of living with their wages held to a fixed standard. The operators say that the present industrial prosperity of the region is due to the award of the commission which exerted a stability of conditions which can only be continued under a long agreement. Operators say today that they will insist on a three years' agreement, and there is every reason to believe that the miners will finally consent to the three years' agreement The operators say that the men will not be discriminated against except in instances where violence can be proven.

The miners committee headed by John Mitchell went into conference at two o'clock this afternoon with the representatives of the anthracite operators.

Killed by a Burglar.

New York, May 7.—Charles L. Shier, President of the Richmond Light and Power Company and confidential man to Henry H. Rogers, was shot and killed by a burglar, after a desperate hand-to-hand struggle, in his home at No. 7 Tompkins avenue, New Brighton, S. I. Mr. Shier was shot through the heart. The burglar escaped. Early this morning, Mr. Shier was awakened by a noise and he told his wife, that burglars were in the house. Taking his revolver, and telling his wife to remain quiet he left the room. He soon returned telling Mrs. Shier that he could find no one. While he spoke there was a rattle of glass in the dining room, and Shier bounded out of the room and down stairs. A bulldog belonging to Mr. Shier followed him down the stairs. The burglar must have been waiting for Shier at the bottom of the steps, and the two men grappled with each other. A fierce struggle followed and the wife up stairs heard the men wrestling all over the room. There was a crash of glass and tables and overturning chairs Then came a shot and soon six more in rapid succession. There was a silence and Mrs. Shier told two maids that came crying to the room that she was going to her husband. The bulldog showed no fight and the police think the dog must have been on friendly terms with the burglar. There is no clue.

Trolley Cars Collide.

New Brunswick, N. J., May 7.—Eighteen people were injured in a head-on collision between two trolley cars of the Trenton and New Brunswick Fast Line near Plainsboro at midnight last night. Motorman William Titus, of this city, who was running the car coming from Trenton toward New Brunswick, was the only one uninjured. He escaped by jumping. Illness caused the accident. In making the run towards Trenton, Motorman Joseph Murphy, of that city, was taken ill and turned the car over to the conductor, Robert Laird, to run. Laird ran by one of the signal lights, indicating that another car was approaching and the two cars came together near the power house at Plainsboro with a crash. Both cars were wrecked, one being split in two. Laird had three ribs broken and was injured internally.

Vaults Robbed.

Chicago May 7.— Burglars broke into the vaults in the offices of the Levi Z. Leiter estate at 3 o'clock this morning and cleaned out the contents of six strong boxes. A definite statement of the losses has not yet been made, but it is said $150,000 in negotiable securities are missing. There was a small amount of cash in the vaults. The robbers secured entrance through a window and smashed the combination of two vaults, while the night watchman, of the building was away from the immediate neighborhood.

Accident to a Train.

Camden, N. J, May 7 — By the breaking of a rail on the West Jersey and Seashore Railroad at Haddon avenue station in this city this morning and the consequent overturning of a car attached to the Cape May express, due here at 9:30 o'clock, a score of people were injured, but none seriously. Simultaneously with the overturning of the car, a gas tank under it exploded. The friction of the grinding wheels almost locked by the automatic operation of the air brake created a myriad of sparks, These ignited the gas and the car was beginning to burn as dozens of men and boys who saw the accident ran and pulled the screaming men and women and children from the burning car. Many of the injured were taken to Cooper Hospital but several left the scene immediately.

Murder and Suicide.

New York, May 7.—Miss Agatha Waters, a young and beautiful society woman, and a member of the younger set in the "400," was shot and killed early this morning as she lay sleeping in her bed by her mother, Mrs. Mary G. Waters, wife of John R. Waters, prominent in the insurance and banking world. After killing her daughter, Mrs. Waters sent a bullet through her brain. The double tragedy occurred in the Waters' magnificent city home, No. 144 West 76th street. The only explanation that can be made of the tragedy by the family is that Mrs Waters had been suffering from insomnia and worrying over her daughter's poor health and became suddenly insane.

The French Election.

Paris, May 7.—The latest returns in regard to the general parliamentary election held yesterday, as made public today by the Minister of the Interior, show that the government has gained twenty four seats. It was at first stated that he had been defeated by the rival candidate, Marquis Solages.

Towns Threatened.

Sacramento, Cala., May 7.—A gigantic landslide caused by the earthquake has dammed the Capay Valley in Gold county. The dam that has fallen from the mountain side has backed up water 100 feet deep It is hoped that the water will overflow gradually, but if the dam gives way, there will be serious trouble. The towns of Capay, Rumsey and Guinda are threatened, and the inhabitants, aggregating nearly a thousand people, are camped on the hillsides. The dam might have been blown out with dynamite at the earlier stage, but it is now too late to do this.

Letter to Henry Baader.

Dear Sir: Two houses alike and in same condition, at Delhi, N Y; Mr N. Avery owns them

He didn't know which was the better paint, and didn't want to be partial between two dealers.

Painted one house with Devoe, the other with—wish we might tell what paint he painted the other house with!

Took six gallons Devo; and 12 of the other.

That's a good paint, that other, as paints go; it's 50 years old and has the courage to own what it's made of. It's made on a theory. Excellent paint it is; we say nothing about the theory.

Go by the name. Yours truly,

DIED.

At her residence, 525 south Lee street, Sunday, May 6, 1906, Mrs. JANE E. BEACH, widow of James Beach, in the 81st year of her age.

Day by day we saw her fade
And hourly sink away,
Yet in our hearts we prayed
That she might longer stay.
We were weeping around her pillow,
For we knew that she must die
It was a sad day within our bosom,
It was a day within the sky.
We have given love's last token,
We have parted back her hair
From off her marble forehead
And left the last kiss there.
Our loving mother, thy calm features
Plainly tell us all is well,
Yet it pains our hearts to leave her
And to say the last farewell.

BY HER CHILDREN AND GRANDCHILDREN.

Funeral from Trinity Church tomorrow (Tuesday) afternoon at 2 o'clock. Relatives and friends are invited to attend.—[Lynchburg papers please copy.

Memorial Services.

As has been announced, Alexandria Aerie, No. 871, Fraternal Order of Eagles, held appropriate services yesterday afternoon in Eagles' Hall, in the Alexandria National Bank building, in memory of their deceased members—Joseph J. Roberts, William Glasgow and Samuel Wingfield. The hall was beautifully and tastefully decorated with palms, and three vacant chairs and three green wreaths gave mute evidence of the losses in membership sustained since October, 1894.

The exercises were exceedingly impressive, especially the calling of the roll of departed brothers by worthy Secretary Joseph West. Worthy President Samuel Bendheim presided, and conducted the opening and closing exercises. The opening prayer was offered by Worthy Chaplain Edward Fleming, and after "Nearer, My God, to Thee" had been sung by the aerie and audience, the benediction was delivered by Rev. Father P. J. Kavanaugh, of Boston.

The orators were Past Worthy President Ross F. Downing, of District of Columbia Aerie, No. 125, who spoke on "Liberty, Truth, Justice, and Equality," the cardinal principles of the order; State Deputy Grand President Hugh Harvey, of the District of Columbia, who delivered an "Eagledom Eulogy," and Past Worthy President Jacob Brill, of the local lodge, who outlined the aims and objects of the order and paid tribute to the departed members.

Attractive musical and vocal selections were rendered. The orchestra was under the direction of Leon Cohen. A cornet solo, "Beyond the Gates of Paradise," was played by Prof. Charles Woodin; Frank W. Smith sang a bass solo, "Face to Face," and Kenneth Ogden sang a tenor solo, "Come Unto Me." Miss Madeline Byrne was the accompanist.

Alexandria Aerie, though less than two years old, has a membership of about 160 and is growing rapidly. The present officers are Jacob Brill, past worthy president; Samuel Bendheim, worthy president; Thomas Chauncey, worthy vice president; Edward J. Fleming, worthy chaplain; Joseph H. West, worthy secretary; Arthur A. Paul, worthy treasurer; Emmet Kelly, worthy conductor; Harry Head, worthy inner guard; Thomas D. Downey, worthy outer guard; Samuel B. Moore, M. D., worthy physician, and W. H. P. Kelly, John J. Hauratty, and Peter von de Westalaken, worthy trustees.

The committee in charge of the memorial services was composed of Messrs. Jacob Brill, Thomas Chauncey, Joseph H. West, Walter Leatherland, Samuel Bendheim, John A. Rice, Edward J. Fleming, George A. Norris and Ernest Deahl.

Track Meeting.

The Episcopal High School Saturday held their second annual interscholastic track and field meet.

A majority of the preparatory schools of Virginia, Maryland and the District of Columbia sent teams to represent them.

The greatest race of the day was the relay between the Episcopal High School and Woodberry-Forrest School, which was the most exciting ever seen on those grounds. Woodberry won by an inch.

The banner for most points scored by any one school was taken by the Central High School, of Washington, who scored 68 points, with Baltimore City College second, and the Episcopal High School third.

The cup for the best individual work of any man in first class was won by Duker, of the Baltimore City College, who scored 19 points.

Pendleton (Episcopal High School) lowered two records, while Charrington (Episcopal High School), Davis (Baltimore City College), Claggett (Central High School), and Lippitt (Woodberry-Forrest School), made one each.

A Feature of the Parade.

Among the interesting floats at the centennial in Wilkes-Barre, Pa., this week will be a gospel wagon. It will contain a choir of singers who will render gospel hymns during the parade, and at each stop Rev. John Cavnaugh, pastor of the Free Methodist church, will deliver exhortations and short sermons to the people along the route. The gospel wagon will be decorated with three large striking banners with the mottos "Prepare to Meet Thy God," "Where Will You Spend Eternity" and "Turn or Burn." The motive of the gospel wagon is a serious one and Rev. Cavnaugh is enthused over the project. Mr. Cavnaugh was pastor of the Free Methodist Church in Alexandria up to about two years ago.

Funerals.

The funeral of the late Henry C. Field took place yesterday afternoon at 4 o'clock from the residence on Lee street, near Prince. The pallbearers were Messrs. H. K., Frank, Isaac B. and Wm. Field, L. Woodward, and Mr. Miller, of Washington. Andrew Jackson Lodge of Masons, of which the deceased had been a member, attended the funeral in a body.

The remains of George R. Curtin, who was murdered December 24, were removed yesterday from the vault in which they were depcsited shortly after the body was found, and buried in the Presbyterian cemetery. There were no services, and the interment was private.

Store Robbed.

Between 12 and 1 o'clock last Saturday night thieves entered Mr. R. E. Knight's store, on King street, from the rear and carried off between $50 and $70 worth of goods, consisting of fountain pens, razors, pistols &c. They also secured a small sum of money from a chewing gum machine. Mr. Knight's two buildings are being converted into one large store, and the goods were in No 621, which is separated from No. 623 by a temporary board petition. An iron bar had been used to force off two of the boards near the rear of the building.

Mr. Hillman Bayliss about nine o'clock Saturday night notified Chief Webster at the station house that some one had stolen the harness from his horse, which he had left hitched on the north side of the market building, and had tied the animal to one of the wheels of the wagon. Policeman Roberts was assigned to the case by the chief and it was not long before he had arrested John Dogan, colored, whom he charged with the theft. Officer Roberts later found the harness in a second-hand store, where, it is said, it had been purchased for a small sum from Dogan. The latter was arraigned in the Police Court this morning, when an examination of the prisoner's record was made. It was determined to send him on to the grand jury.

They announced that they would return next Saturday evening and hold a meeting at the same place.

Discarded Girl's Revenge.

Shot, it is alleged, when summoned by a letter to a final tryst with Ethel Sturtevant, to whom he formerly paid court, Jesse Barden lies at the point of death in his father's home in Lebanon, N. H., with a bullet in his lungs. Ethel Sturtevant, 17 years of age, who is said to have written the letter under the goad of unrequitted affection, is under arrest, and will be arraigned at Hanover. After the shooting the girl went home and was arrested in bed Saturday by Sheriff George L. Stone, who says he found a revolver under her pillow holding two shells, one empty. Miss Sturtevant declares that she purchased the weapon to protect herself when returning late at night from dances. Josiah Barden, Jesse's father, gave out the following statement: "Jesse took a letter from the rural delivery box in front of the house Thursday afternoon purporting to have come from Ethel, asking him to call on her that evening. Jesse left shortly after 8 o'clock for the Sturtevant house, two miles away. Jesse says they sat on a stone wall and talked for a few minutes when he was shot without warning. As he fell Ethel ran toward the house. Bleeding, he staggered across the field to a house, where he found his brother John and a friend named Stone. John got a team and brought him home."

The New Auto Law.

Mr. D. Q Eggleston, Secretary of the Commonwealth, is mailing the following letter concerning the new automobile law, to the Boards of Supervisors of counties and councils of cities in Virginia:

"I enclose a copy of the 'act to regulate the running of automobiles, etc.,' passed by the last General Assembly, and call your attention to sections 14 and 15, which provide that it shall not become effective in any city or county until it shall have been adopted by the board of supervisors of the county or council of the city by a recorded vote.

"Section 15 provides that the Secretary of the Commonwealth shall be promptly notified of the adoption of the law by a county or city.

"Prompt attention to this matter is urged in order that this office may take the steps necessary to carry out the provisions of the law."

Debt Argument.

"Virginia is getting ready to argue its case in the Supreme Court of the United States against West Virginia, to make the latter pay its portion of the debt of the Old Dominion incurred before the civil war, said Attorney-General William A. Anderson, of Virginia, who was in Washington a few days ago.

"The amount involved, together with the interest, is $92,000,000. All this indebtedness was incurred before West Virginia separated from the old mother State and refused to go into the Confederacy. Since then Virginia has assumed all the obligations upon her present and former territory, and West Virginia has never paid any part of it. We believe she should pay her part, because she reaped the benefit of its expenditure. When the case comes up in the autumn some interesting points will be raised."

Rev. J. W. Steel Admits Guilt.

The investigation of the charges against Rev. John Wesley Steel, formerly superintendent of the Central Union Mission, Washington, which was ordered by the Baltimore Annual Conference of the Methodist Episcopal Church at its recent session in Baltimore, has been brought to an abrupt end by a confession of guilt on the part of Mr. Steel. Mr. Steel was charged by his wife with misconduct and telling falsehoods. Under the charge of falsehoods she claimed that he had circulated the report that she was insane and that she had eloped with another man.

After the trial Mr. Steel begged the forgiveness of his wife and asked her to return to him. She replied that it would be impossible for her to live with him, but she kissed him good-bye.

Rogers Surprised.

The story was told in Wall street Saturday that President Roosevelt's message was read to Henry H. Rogers, of the Standard Oil Company, by his son, H. H. Rogers, jr. Young Mr. Rogers had just read that the company had been obtaining $750,000 a year through secret rebates on a total business of 23,000,000 barrels of refined oil, each barrel containing 50 gallons. This would figure out a great deal less than a mill a gallon. "My dear Harry," remarked Mr. Rogers, "that is not even petit larceny, and I am almost ashamed of my innocence."

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these Tablets a trial.
